COUNTY OFFICIAL PAPER.

Saturday, October 20, 1906.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

Now it's Sheriff Chatham.

Vote the ticket straight. No need of scratching. All the candidates are worthy of support.

John F. Johnston is a tried, true and trained official why change him for an inexperienced man?

J. J. Bullock may be put down as one of the sure winners. His majority will be enormous.

The election of R. H. Jury to the Assembly means that the county will be well represented at Sacramento.

If you want employment all the year round, and honest money for pay, vote for your Republican candidate for congress, E. A. Hayes.

"P. P. Chamberlain for Treasurer." It was always thus and will be so when the votes are counted on Nov. 6.

C. D. Hayward is making a splendid canvass for the Assessor's office. In his case it is only a question of how much his majority will be.

It's all over but the shouting in Bob Chatham's contest for sheriff, and that will be done on the evening of November 6. Hurrah, hurrah.

The Republican party was dedicated to freedom. It has been the party of liberty and emancipation from that hour; not of prostration, but of performance.

A vote for C. L. McCracken is a vote to retain an honest, capable and courteous man in the tax collector's office.

James Cronk, the nominee for co-stable of the Third township, will be reelected without doubt. He is making an excellent canvass.

Like Sherman's march to the sea Roy N. Cloud, the Republican nominee for superintendent of schools, is carrying everything before him in his triumphal campaign thro' the county.

W. H. Underhill is climbing rapidly and will soon be on top of the hill and with his Swift movements will shortly be on the other side of the hill and in the Auditor's office by November 6.

If you approve of the splendid work of the 59th congress, vote for E. A. Hayes, Republican candidate for congress and for more of the same kind of legislation in the 60th congress.

A vote for A. M. Wilson for railroad commissioner for this district is a vote to place a good, tried and true man in office. Moreover he is a resident of this county and county pride will give him a splendid vote.

A vote for Edgar A. Shaw for supervisor of the Fifth township is a vote to place a good man in office, one who will do his whole duty to the people if elected. By all means you voter of the Fifth elect him.

Every Republican is expected to do his duty on November 6 and if they do every Democratic nominee will be skiddooing up Salt river on that cold and frosty morning of Nov. 7.

H. G. Plymire, the affable candidate for the office of coroner and public administrator, is making an effective canvass and everywhere he goes is receiving encouraging assurance that will Lasswell

If you prefer the progress and prosperity of the present time to the business disasters and idleness of ten years ago, under Democracy and a low tariff, vote for your Republican candidate for congress, E. A. Hayes.

San Mateo county is safe for the whole Republican ticket, provided the members of that party do not split their tickets and this they have no just reason to do for a better set of candidates were never presented to the people for their support.

It would be a mistake for the people of the Second township not to reelect J. H. Coleman for supervisor. He has given them splendid roads and this is the best advertisement the township could get at this time, when so many home seekers are locating in that favorite locality. A vote for him is a vote to continue the good work begun by him.

Joseph H. Nash, the nominee for clerk, is letting no grass grow under his feet. He covers more territory than any of the other candidates. A good clerk is a great help to the Board of Supervisors. Mr. Nash has all the qualifications to make a splendid clerk, being an accountant of ability and with a good head on his shoulders.

John MacBain, chairman of the county Republican committee, has outlined a vigorous campaign and has taken

off his coat, rolled up his sleeves and with all the energy he is possessed of is going to give the enemy a great battle. His motto during the campaign will be "Come along boys" and not "go ahead men." He will be ably assisted by Hall C. Ross, secretary of the committee.

Frank Kerrigan, the Republican nominee for member of the Court of Appeals, received his nomination in opposition to the losses and therefore should get the support of the people. San Mateo county in which he passed his boyhood will give him a rousing vote. He is an able jurist and deserves well at the hands of the voters.

Judge F. W. Henshaw has made an excellent judge and clearly demonstrated during his twelve years of services on the supreme bench his ability and thorough knowledge of the law. Among lawyers he is known as the wizard of the supreme bench. Being a resident of this county he will get about all the votes there are to be had. He undoubtedly will receive the largest vote on the state ticket.

Mr. Gillett Record

Both in the state legislature and in congress Mr. Gillett has always supported every eight hour law.

With reference to the charge made by President Gompers of the Federation of Labor, that he had opposed such legislation the official records show that Mr. Gillett was absent, sick, at the time the matter came to a vote before congress, and was paired with another member as an absentee.

In any event, the eight hour law to which Mr. Gompers refers, applied only to alien labor on the Panama canal. Investigation showed that its passage would mean a cost of \$50,000,000 more to the American people, besides very protracted delays in construction. This would have been playing into the hands of the railroads and other corporations interested in preventing or impeding the building of the needed waterway.

WELLESLEY PARK

The cream of subdivisions in or near Redwood City, is without doubt, Wellesley Park, and with the natural and artificial improvements is the most attractive subdivision here. The water pipes are now being laid which as soon as completed, will be followed by the sewer, that in turn will be followed by macadamized streets and lastly side walks and curbing; all at no cost to the purchaser. Lots 50x135, including all the improvements enumerated above, can be purchased for the sum of \$450. That is surely cheap enough for anyone. The electric car line will take off a portion of the front and we should not be a bit surprised to see property worth as much again there in a year from now. Showing what can be done, if judgment is coupled with a little good luck, we will cite an instance of what occurred farther north of us. The writer sold two lots for \$600 each, the purchaser refused \$4000 clear for them three days ago, and we should not be surprised to see such a thing happen in Wellesley Park. When San Mateo began to grow, the old residents let the strangers come in and pay the price they would for lots. After two or three years the old residents began to think San Mateo was a pretty good place in which to buy. Citizens of Redwood City take note of this and do not let the outsiders come in and pick up all the good things, as they are commencing to do, but get in while prices are low and reap the benefit of your foresight in a year or two. All particulars together with a map and price list of the park can be obtained at the office of the Redwood City Realty company in the Hadler block. This company also controls considerable other property, both improved and unimproved, and if you do not like one section, they undoubtedly have something that will suit you in some other. Give them a call anyway, it will cost you nothing to ask questions.

Burns' Deed a Forgery

Geo. C. Ross has been in San Francisco all week trying a case before Judge Hunt. The action was in connection with the famous Bridget McDermott estate that has been in litigation for some years. Mrs. Burns, a niece of Mrs. McDermott, it will be remembered, presented a will soon after the death of her aunt and after a bitter legal contest it was declared fraudulent by Judge Buck and he was sustained by the Supreme Court. Last April John Burns, husband of Mrs. Burns, took possession of a piece of property belonging to the estate on Mission street valued at \$20,000 and had a deed filed supposed to have been executed by Mrs. McDermott. Mr. Maguire, executor of the estate at once began to get possession of the property alleging that the deed was fraudulent. Much evidence was presented at the trial. Judge Hunt decided that the deed was a forgery. Burns will now have to skiddoo.

GOVERNOR PARDEE'S REPLY

COMMENTS ON YOUNG DAVID WYMAN'S PARDON

Judge Buck, District Attorney Bullock, George C. Ross and Many Others Asked the Governor for His Release

Editor Times-Gazette, Redwood City, Cal., Dear Sir:

The San Francisco Call of Oct. 14th publishes a Redwood City dispatch headed "Resent Pardon of Young Wyman." In the body of the dispatch it is stated that there is "much comment" concerning the action taken by the governor in pardoning David Wyman, son of Wm. Wyman of Woodside, from Folsom Prison. Then follows a recital of David Wyman's acts which led to his prosecution on a charge of burglary and on one of grand larceny, to both of which he pleaded guilty in December, 1901, and it is added that many citizens are inclined to believe that his pardon will mean more expense to the county to keep him under control.

Governor Pardee is now out of the state, but it appears to be due to the people of San Mateo county to have the facts of this matter set before them. In the first place, the governor has not pardoned Wyman and has never thought of pardoning him. What he has proposed to do is to give him a conditional commutation and to that end he has sent the papers to the Justices of the Supreme Court for their recommendation, which under the constitution is a prerequisite in this case, because Wyman was sentenced for two distinct felonies. If a majority of the Supreme Court Justices recommend the commutation, the governor will probably grant it, but as yet the only official action taken is as before stated.

A commutation differs from a pardon in this, that the former does not purport to wash away the prisoner's guilt, but merely to reduce his term of imprisonment. The condition of nature of the clemency proposed to be extended to Wyman is shown by the following extract from the unsigned order:

"Provided, that if, after his discharge under these presents, said Wyman shall be again convicted of a felony, then this commutation shall be void, and, in addition to the sentence which may be imposed for such felony, he shall be compelled to serve the remainder of the term cut short by this order." A similar provision is inserted in nearly all of the commutations granted by Governor Pardee and he is the first governor of California to do this.

The Wyman case has been before the governor for a number of months and the basis for the conclusion reached by him was furnished by the statements made by Judge Buck and District Attorney Bullock and by Mr. Geo. C. Ross and others. Judge Buck wrote to the governor:

"As I passed judgment upon David Wyman it is no more than right for me to say a word for him. As he pleaded guilty I had to follow the law in passing sentence although it was somewhat harsh. By his securing a pardon there is a chance to make him a good citizen. On the other hand if he served out his present term I see but little hope for him in the future. If I had the power and knowing the facts of this case as I do I would grant to young Wyman a pardon."

District Attorney Bullock wrote to much the same effect and also said that he believed Wyman's two offenses arose more from a spirit of boyish delinquency than from deliberate criminality.

A governor is dependent for his information concerning an application for clemency upon the persons who have knowledge of the circumstances, but more especially upon the trial judge and the prosecuting attorney. It is Governor Pardee's practice to require a report from those officers before he enters upon the consideration of an application. In the present case Judge Buck and District Attorney Bullock have made recommendations, and it must be assumed that they were entirely sincere in doing it. The governor took into consideration the fact that Wyman was but eighteen years of age when he was sent to prison and adopted the view of the Judge and District Attorney that if there is any hope of his reformation, he has been imprisoned long enough and that longer imprisonment will do more harm than good.

If any citizens of San Mateo county desire to enter a protest against the commutation of Wyman's sentence, they can still do so by sending a letter to the Supreme Court Justices or to the governor. But before taking that action they would do well to consider carefully whether the recommendations of Judge Buck and District Attorney Bullock are not both honest and enlightened.

Very truly yours,
A. R. NYE,
Private Secretary to Governor.

A Beautiful Thing

Regardless of the pride each and every citizen of Redwood should take in the Peninsula Edition of the San Francisco newspapers. Much pleasure, and effort that caused by local patriotism may be taken in its pages.

It is a marvel of the printers' art and the illustrations are beautiful. You, who live in this most favored spot on God's footstool, will do well to send it on to your eastern friends or relatives. It typifies better than anything we know of the physical, social and outdoor life of the Peninsula of San Francisco, great est of all of the favored home places of California.

Sequin Bonds Sold

On Monday the sale of the bonds of the Sequoia High school were sold by County Treasurer P. P. Chamberlain. There were three bidders, E. H. Rollins and Son of San Francisco, Halsey and Co., San Francisco and the First National Bank of San Mateo County. E. H. Rollins and Son were the successful bidders and purchased the bonds at a premium of \$18.94, each bond costing them \$100.00. The good premium brought by the bonds shows the high financial standing of our community as we are regarded by the banking interests of the country.

The Teachers' Institute was held in the Congregational church this week and had a very successful session. Many able educators addressed the teachers. At the conclusion of the session the teachers presented Miss E. M. Tilton, the county superintendent of schools, with a diamond pin as a token of appreciation for her kindness to them during her term of office. Miss Tilton was nearly overcome with emotion but responded feelingly.

Ordinance No. 210
An Ordinance declaring a certain road in the First Road District of the County of San Mateo, State of California, to be a public highway.
The Board of Supervisors of the County of San Mateo do ordain as follows:

Section 1.
There is hereby declared to be and recorded as a public highway, a certain road in the First Road District of the County of San Mateo, State of California, hereby named as "A portion of the San Francisco and San Jose Road," which said road has become a public highway by reason of dedication and use by the public; following is a description of the center line of said road; said roadway to be and extend thirty-three (33) feet on each side of said center line, for the following courses and distances, to-wit: Beginning at a point that is thirty-three (33) feet westerly from the Southwesterly corner of what is known as the "Schenone Tract," and said point being the center line of the present traveled road; and running thence N. 42 degrees, 19 minutes West 720.3 feet and N. 50 degrees, 17 minutes West 1736.3 feet. Said road to be and extend thirty-three (33) feet on each side of said center line.

Section 2.
This ordinance shall take effect and be in force from and after fifteen days after its passage.
Passed and adopted as an ordinance of the Board of Supervisors of the County of San Mateo, State of California, this 8th day of October, 1906, by the following vote:
Ayes, and in favor of the passage of said ordinance, Supervisors J. H. Coleman, J. Elkerenkotter, John MacBain, J. Debenedetti, Carl J. Coburn.
Noes, and against the passage of said ordinance, Supervisors, None.
Absent, Supervisors, None.
J. H. COLEMAN,
Chairman of the Board of Supervisors.

VOTE THE REPUBLICAN TICKET STRAIGHT THEY ARE ALL GOOD MEN

BOB CHATHAM

ROBERT S. CHATHAM seeking the election to the office of Sheriff comes before the electorate with much more than good brains and attractive personality. He is a candidate with broad experience in the official machinery of life, and this in itself is a big feather in the cap of any aspiring Sheriff; is possessed of matured intellect; is a man without fear, and as courageous as a lion in the performance of his duties. Mr. Chatham has all the stamina begotten of sound mental culture and a normally level head. There is nothing suspiciously reserved or malignant in his nature. Physically and mentally he is well qualified for the office of Sheriff.

JOS. NASH

JOSEPH H. NASH, the Republican candidate for the office of County Clerk, is making a vigorous campaign, and judging from his popularity victory for him is assured. Mr. Nash was born in San Mateo County twenty-nine years ago. At an early age he moved to the Coast side of the County, and received a teachers' certificate from the grammar school of Half Moon Bay. Two years later he was graduated from the academic and commercial department of the University of the Pacific. Later on he entered the Pescadero store of Levy Bros., and was thereafter transferred to Half Moon Bay and thence to San Mateo, where he was placed in charge of the office of the firm. Mr. Nash speaks Portuguese and Spanish fluently, is prominent in fraternal circles, was two years secretary of the Republican League, at Half Moon Bay, and his ten years' clerical experience with Levy Bros. and the San Mateo Bank make him especially fitted for the work of the Clerk's office. He is popular with the working class, and his majority should be large.

C. L. McCRACKEN

The many friends of Dr. C. L. McCracken, the Republican nominee for Tax Collector, are predicting for him a substantial victory at the polls on the 6th of next month. Dr. McCracken is a man of education and ability, and the efficient manner in which he has performed the duties of his office demonstrates his fitness for his duties and entitles him to the consideration and support of the voters. Dr. McCracken is at present filling out the unexpired term caused by the death of Frank M. Grainger; during the year and a half in which he has had charge of the office he has brought it to a high standard of efficiency. He is courteous and obliging and has made hundreds of friends among persons who have had dealings with his office. No better man could be chosen to fill the position, and if faithfulness, efficiency, and a conscientious application to duty are worthy of reward, Dr. McCracken should receive a sweeping victory at the polls. He has been tried and found faithful, and it is a pleasure to support a man of such sterling worth and character.

ROY W. CLOUD

Roy W. Cloud, Republican nominee for School Superintendent, was born in San Mateo County, and his popularity assures him success at the coming election. Mr. Cloud is a graduate of the grammar school of Redwood City and of the Sequoia high school. He received his teachers' certificate from the grammar school at Redwood City and after teaching several years entered Stanford University from which he graduated in 1905. While at the University, Mr. Cloud took special work in the department of education, and this training, in connection with his experience as a teacher, specially qualify him for the duties of the School Superintendent's office. Last year Mr. Cloud was principal of the Bodie grammar school, and although requested to return this year at an increased salary, he refused, as the opportunities of San Mateo County offered greater attractions. Mr. Cloud is well deserving of the hearty support of the voters; he made his way both through high school and the University by his own efforts. He has a winning personality and well deserves the success which is assured him at the coming election.

JOHN F. JOHNSTON

A candidate for office is fortunate if prior to beginning his campaign he has had experience along lines of the work which he will have to do after his election. Voters in casting their ballots for such a man may do so with no doubt as to his possessing the necessary qualifications to perform the duties of his office. Such a man is John F. Johnston, nominee of the Republican party for recorder. Mr. Johnston has the very great advantage of having filled the duties of the recorder's office for some years to the credit of himself and to the taxpayers. He is a faithful worker. He can always be found at his post of duty and those having business with the office always find him to be a courteous and accommodating gentleman. It is a pleasure to support and vote for such a man. Men like him should be kept in office.

P. P. CHAMBERLAIN

When a man has done his duty, honestly and well, we always feel a thrill of pride when his name is mentioned, and if it be within our power always give him a lift. As in private business, so in public office. The man who has so conducted his office that it is not only praised by the people all over the county, but held up as an example for office holders over the entire state, is a man worthy of the votes of the people and such a man is the present county treasurer, P. P. Chamberlain. He is painstaking, courteous and attentive to duty. It is, indeed, a pleasure for the taxpayers to support such a worthy candidate. Mr. Chamberlain's plurality will be very large. His popularity is well known and from one end of the county to the other and where ever he goes he is hailed with enthusiasm by admirers.

DR. PLYMIRE

It is conceded on all sides that Dr. Plymire will be elected with an overwhelming majority. His popularity all over the county has brought him success. He is a young man who located in South San Francisco some years ago and grew up with the town. His practice is large and his friends and neighbors have unbounded confidence in his ability and integrity. This is the manner of man the taxpayers want in office and will vote for him for coroner and public administrator. The voters should not fail to stamp their cross after his name. He is the only candidate the northern end of the county has on the Republican ticket and we all owe to South San Francisco and the whole northern portion of the county the support of their nominee, and we are going to do it. The Republicans of this section cannot afford to vote against Dr. Plymire. Let us give him a majority that will surprise our neighbors at the North End and they will in turn support our candidates in this way will the whole Republican ticket win.

J. J. BULLOCK

The popular nominee for district attorney, J. J. Bullock, is making a splendid campaign not only for himself but for the entire ticket. It is conceded on all sides that he has made the best prosecuting officer the county has ever had. He is a young man of energy and ambition and possesses that qualification so essential in the performance of his duty—impartiality. In voting for him the people are voting to retain in office a tried and true young man who performs his duty at all times no matter who suffers. "Joe" as he is familiarly called by his friends will receive a pronounced vote of approval of his acts during his term of office.

FOR ASSESSOR
F. G. HALSEY
Regular Democratic Nominee

R. H. JURY

R. H. Jury, the Republican nominee for assemblyman, having had one term at Sacramento will be in a position to do much for the county in the event of his election—and there is no doubt that he will be elected. Trained in newspaper work he has gained experience in affairs that will be to his advantage in his legislative duties. He is a young man of brains and energy and will do his full duty at Sacramento. He will uphold the honor of the county in the approaching legislature and secure whatever legislation the people want. Mr. Jury should have the full support of every Republican.

J. H. COLEMAN

The Second township of this county is a largely growing community where hundreds of people from San Francisco are making their homes and are attracted by the numerous advantages it offers to the home seekers. Among the attractions are its good roads. There could be no better advertisement for any locality than well kept highways. J. H. Coleman, the Republican nominee for supervisor of that township, has done more road building than any of his predecessors. He seems to have a faculty for that work. Then too, he has able assistants; men who know how to build roads and keep them in repair. Mr. Coleman has the experience and particularly at this time it would be disastrous to make a change when he is doing so much for the township. A new man would have to gain the experience now possessed by Mr. Coleman who has had eight years training in public affairs. If the people know their best interests they will elect Mr. Coleman and keep in office a tried and true official.

W. H. UNDERHILL

W. H. Underhill, the Republican nominee for auditor, is very popular and everywhere he is receiving the encouragement of voters. Mr. Underhill has all the necessary qualifications to ably fill the duties of the office which he now holds. He has a wide acquaintance throughout the county and his genuine good nature and geniality is gaining him votes every day. It would now seem as though his election is assured by a substantial majority. He is making a manly campaign, seeing the voters and placing his claims to the office before them in a manner that brings conviction. Mr. Underhill has spent the major portion of his life in the county and deserves the support of not only his party but the taxpayers in general as well.

EDGAR A. SHAW

Edgar A. Shaw is the Republican nominee for supervisor of the Fifth township. He has been a citizen and property holder of Pescadero for many years, and bears a first class reputation as a man of genuine public spirit, integrity and high business as well as undiluted political principles. The man can always speak his ideas on public matters fearlessly and boldly, who has always the best interest of the taxpayer at heart. Mr. Shaw is a young man of mature judgment, broad grasp in his views of public improvements and believer in good roads. If elected he will do all within his power with the funds that will be apportioned to his district to keep the highways in good repair and build new roads.

Mrs. J. Kierce and two daughters, Mrs. T. Hogan and Mrs. W. Griffin have moved to Redwood from Solano county. They are occupying the Cullen residence on Mound street.

JUDGE CARROLL COOK

The Republican nominee for presiding justice of the Court of Appeals, Judge Carroll Cook was in Redwood City Thursday calling on the voters. He has just completed a canvass of his district and feels confident of election. The underhanded way the Examiner has taken to defeat him has gained him many votes. He is an able jurist, honest and his reputation is above reproach.

E. A. HAYES

E. A. Hayes has made a good record for himself at Washington and will be returned by a sweeping vote. His attitude toward the laboring man is fair, square, honest and manly. He has been for a number of years a heavy employer of labor and is yet, thousands of men have worked for him. His warmest friends are among the laboring men. Mr. Hayes has done more for his district than any of his predecessors and will have the advantage of the experience of one term at Washington which will place him in a position to do more than ever for the people of his district.

C. D. HAYWARD

Every one will agree that C. D. Hayward has made the best assessor the county has ever had. Property owners are satisfied with his assessments. He is a faithful official, courteous, accommodating and a hard worker and an official that should be retained in office for his experience and knowledge of the duties of the office which are varied and many. It would take a new man a long time to acquire the technical knowledge to conduct the office properly and in the mean while the county would suffer. Mr. Hayward is very popular all over the county and his majority will be extremely large. Mr. Hayward has stood the test and shown himself peculiarly fitted to the office which he has so admirably filled and to which he again seeks election.

CONSTITUTIONAL AMENDMENT

It has long since been realized by debtors that the taxation of mortgages as provided by the State Constitution, falls in its intended purpose of benefiting the borrower. The rate of interest is fixed by the lender to include not only the tax, but an additional percentage to cover any possible increase in the rate of taxation over the usual rate in the locality where the money is loaned. The result is that the borrower pays his money the ruling rate of interest plus the mortgage tax and something additional imposed by the lender to cover contingencies. All voters should vote for Senate Constitutional Amendment No. 8.

Of Great Value

The great value of a publication having a large general circulation making a feature of a certain locality was never so aptly demonstrated as with the Peninsula Edition of the Newsletter of San Francisco. As it is to the enterprise and public spirit of the citizens of the peninsula this achievement is due, it is to them that we address the greatest possible praise. They have made practical, in compact form, the story of advantages enjoyed by the people living on the San Francisco peninsula and this compactness makes it possible to transmit a very great amount of information to possible newcomers. The issue is most timely when residents of San Francisco are seeking homes away from the dust, discomfort and disorder of the metropolis during the process of rebuilding.

Far Reaching in Effect

It may be reckoned that the life of a magazine article is almost endless, that its influence is, because of this almost permanent character, boundless. It is the weekly newspaper, the country weekly, if you please, the monthly magazine, that sways the thought of the country. This being a fact, proves the wisdom of the people of the San Francisco peninsula in the enterprise which has made the Peninsula Number of the Newsletter of San Francisco possible. This issue is pictorially a gem. Its descriptive work in regard to the advantages possessed by the communities south of San Francisco over any other as residence sections is by the best authors. The issue may be had at all news stands.

Dr. W. O. Stuttmeyer resumed his practice here on Wednesday, having been absent from his office for some weeks owing to illness. The doctor's numerous friends are glad to see him back again.

MENLO PARK OCCURRENCES

Paragraphs, Personal and Otherwise, From the Village of Beautiful Homes.

Cemetery Association Needs Money—Real Estate Deal Consummated—Hunting Season Opens Favorably

The Cemetery Assn. is beginning to feel the need of funds. Owing to the April disaster the annual collection has been delayed so far; but a move must be made in the near future to provide the caretaker's salary. The committees will meet Sunday, the 28th and the collection for 1906 will be started immediately thereafter.

A big real estate deal was consummated Wednesday at Palo Alto. The town bought from J. J. Morris the vacant lot on University avenue near Dr. Deckers place for \$10,000. The town will now erect a \$10,000 building on the new purchase for municipal purposes.

The inventory and appraisement of the estate of the late Prentiss Selby, whose boyhood was passed at Fair Oaks, who died several months ago, has been filed in Oakland. The estate is valued at \$62,872.29 and consists of stocks and bonds and cash in the bank. It is left to a brother and three sisters of deceased.

The famous Clarke ranch, near Mayfield, comprising 850 acres, was sold last Saturday to E. E. Fox of San Francisco, who acted in behalf of certain parties of the metropolis. The price paid was \$400 an acre, or \$340,000.

Judge Carroll Cook, the Republican nominee for presiding judge of the Court of Appeals, was here Wednesday seeing the voters on behalf of his candidacy. He is an able jurist and will no doubt be elected notwithstanding the vile opposition of the San Francisco Examiner.

S. G. Stanton, a San Francisco dry goods man, who has been spending his vacation of a month with his sister-in-law, Mrs. Stanton departed for his home last Thursday.

It is now learned that many voters failed to register and will lose their votes on the 6th of November. It is their own fault for they received sufficient notice through the local press.

Deputy Gam: Commissioner Matthew Semichy received 20,000 trout yesterday from the game commissioners in San Francisco to be distributed in the Contra Costa, Medera, Las Trancas and Bear Gulch creeks. These streams run all the year round and by stocking them there will be trout for the anglers by and by.

Thos. Maloney met with a serious accident at the Palo Alto skating rink last Tuesday evening. While skating he fell and fractured his arm below the elbow. It will be some time before he can resume work at his trade of carpenter.

Joseph Blanchard is seriously ill with pneumonia but the latest accounts report him steadily improving.

Mr. Thompson and family have arrived from San Francisco to occupy the George Batchelder place at Fair Oaks which he purchased some time ago.

J. B. Coryell who is in New York has purchased a fine lot of choice orchids, perhaps the best collection that has ever been sent to this state. They arrived here during the week.

The six-acre tract adjoining the Menlo Park nurseries and facing on Oak Grove avenue is to be subdivided at once and sold in lots. The property is very choice, centrally located and well wooded and the lots will find ready sale.

The Republican campaign will be opened here next Wednesday evening. Hon. H. W. Brown, H. E. Holmquist, J. J. Bullock, R. H. Jury and other speakers will address the meeting. Besides these speakers all the county candidates will deliver short addresses. There will be bonfires and illuminations and a blare of brass bands.

Mr. and Mrs. Fred Whitaker of San Francisco are guests of Mr. and Mrs. Geo. Casey. Mr. Whitaker holds a responsible position in the San Francisco fire department.

S. T. Britten spent a few days here during the week. He will return to Portland about the 25th where he is building a large pickle factory.

Patrick Foley was taken to the county hospital this week to be treated for a severe illness.

Nearly all the young voters here who will cast their first ballot at the approaching election are Republicans. Among the most enthusiastic and who is doing strenuous work for all the candidates of that party is James Fitzgerald.

Mr. and Mrs. Edward L. Eyre, who have been at Fair Oaks since the fire, will return shortly to their house on Sacramento street San Francisco for the winter.

The game season opened last Monday and from early dawn there was a veritable fusillade on the marsh while the hills resounded with the roar of guns. Many good bags of game were brought to town and rail, quail and ducks were reported plentiful. T. A. Casey secured a fine bag of ten teal, Geo. Meekins shot twenty rail and six ducks, Henry Marcus secured the limit in rail. A. J. Carleton and A. Pomeroy each got the limit in quail. Edward O'Neill and John Braccoco bagged fifteen ducks. Wm. Beard an even dozen, J. Lynch secured the limit in quail. Other large bags were reported.

Many will seek the hills and marshes tomorrow.

Much interest is manifested in the candidates' ball to be under the auspices of the League of the Cross Cadets on Saturday evening, Nov. 3rd. At that time the diamond ring will be awarded to the young lady having received the greatest number of votes. The contest for the ring has been going on for several weeks. It is reported that the engineers who have been for some time boring for water on the Sharon property at University Heights have been successful in getting a good flow. This is good news as a sufficient water supply will bring a number of residents to that place.

After the Republican meeting Tuesday evening there will be a dance. The music will be furnished by the South San Francisco band.

J. R. Smith has disposed of his beautiful home near the Sacred Heart convent. It is one of the coziest residences in that locality.

The garden fete at the beautiful grounds of E. W. Hopkins today for the benefit of Trinity Episcopal church will be largely attended. The ladies of the church have for some time been planning the affair so that nothing has been left undone to make it a complete success both financially and socially. A feature will be the automobile rides. Fancy articles of every description will be sold cheap. Menlo Park and Fair Oaks' aristocracy will be there.

Fred Seal has just received a new supply of electric lamps, guns, ammunition, for the game season. Also rubber tires for baby buggies, sparks, plugs, for automobiles. New bicycles from \$25 and upwards.

Appeal to Voters

Owing to the fact that this is the busiest time of the year in the Tax Collector's office and feeling that the duties connected with that office can not be neglected even during a political campaign, I take this opportunity of informing the voters that the time at my disposal may not permit me to meet them all personally.

I shall, however, do my utmost to present my claims in person and will only be prevented by my official duties.

Although the tax rate of 1905 was the highest in the history of the county, I point with some little pride to the fact that for 1905 we had the smallest proportionate delinquent tax list San Mateo county has ever had.

If a record such as this be appreciated by the tax-payers and voters, I have no hesitation in asking your endorsement at the polls on November 6th.

Respectfully yours,
C. L. McCRACKEN.

SUPERVISORS
IN SESSION
Official Business Transacted by the Supervisors at Its Last Meeting.

The Board of Supervisors met in regular session last Monday. All the members were present.

Attorney Frank J. Burke of San Francisco offered a petition asking for the incorporation of the town of Colma and requested that it be referred to the district attorney for his investigation. H. W. Brown objected to this saying that he represented some of the cemeteries and the people of Colma and desired the petition to come before the board in the regular way. He pointed out many defects in the petition. He thought the matter should go over for some future time to give all parties interested an opportunity to be present. He informed the supervisors that Mr. Ross was retained by some of the cemeteries to repress at them and he was away at present he should be given an opportunity to be heard. Attorney Burke said that the petition had been published for four weeks and he thought that sufficient notice had been given to all interested. However, Chairman Coleman made the order deferring the matter for one month.

The claim of P. J. Maloney for \$15-00 for extra work done on the Alpine road in 1906 was deferred on motion of MacBain seconded by Eikerenkötter for one month. His attorney, Mr. Lat trol of Oakland was detained at San Mateo by the railroad wreck and could not be present and consequently the matter had to be postponed.

Hall C. Ross who represents Kellogg and others who have petitioned to close and abandon a certain road in the Bellevue tract on the foot hills back of Menlo Park, asked the matter to go over to the next regular meeting owing to the absence of one of the petitioners. His request was granted.

Eikerenkötter suggested that the salary of James Maley, a teamster at the county farm be increased from \$30 to \$45 per month. He said Maley had been employed at the farm for the past seventeen years and was an excellent man and would leave if his wages were not increased. He thought it good policy to grant the request. On motion of MacBain seconded by Eikerenkötter the request of Maley was granted.

On motion of MacBain seconded by Debenedetti Supervisor Eikerenkötter was authorized to employ an inspector at a salary of \$250 per year to work on the two bridges at Millbrae.

Town Trustees Met
The Board of Town Trustees held an adjourned meeting Monday evening in the city hall. Trustees Hovey, Foley, Hynding and Luscher present. Trustee Walker, absent.

The minutes of last meeting were read and approved.

The report of the treasurer showed that in the Library fund an expense of \$71.50 had been incurred leaving a balance of \$707.90. Warrants had been drawn on the General fund for \$1611.40 leaving a balance of \$2110.55. The 1905 Street Improvement fund had been reduced during the month by \$2192.40, leaving a balance still on hand of \$1893.86.

The bond of Wm. C. Wilson was received with John Meyer and D. E. Moore as sureties and was accompanied by a recommendation for a license permit.

Claims were presented and allowed as follows:

Times-Gazette, \$40; A. L. Low, \$81; D. R. Stafford, \$33.30; J. P. Coleman, \$50; Chas. Cullen, \$48; Wm. Kenton, \$28; J. C. Dickey, \$90; A. Hess, \$70; Wm. Flynn, \$17; A. Kinsaid, \$55; J.
